Ultrasonic Leak Detector

Safety Certification

All Beha-Amprobe tools are rigorously tested for safety, accuracy, reliability, and ruggedness in our state-of-the-art test lab. In addition, Beha-Amprobe products that measure electricity are listed by a 3rd party safety lab, either UL or CSA. This system assures that Beha-Amprobe products meet or exceed safety regulations and will perform in a tough, professional environment for many years to come.

Residential Contractor Solutions

Learn how Beha-Amprobe solutions can save time, money and increase efficiency, safety and accuracy at beha-amprobe.com

Electrician

Challenges faced:

- **Potential electric service interruptions** due to installation issues
- **Electrical issues** triggered bad power quality
- **Ensure electrical installations** are in compliance with city and utilities building codes

Beha-Amprobe solutions:

- ⚡ Digital multimeters
- ⚡ Clamp meters
- ⚡ Electrical inspector
- 🔍 Wire Tracer

HVAC Technician

Challenges faced:

- **Poor ventilation** creating inconsistent heating and cooling
- **Equipment faults** due to leaks or heat exchange issues
- **CO or combustion gas leak hazards** due to improper installation of equipment
- **Damage to electrical equipment** due to poor power quality

Beha-Amprobe solutions:

- ⚡ Digital multimeters
- ⚡ Clamp meters
- 📷 Thermal cameras
- 📷 Infrared thermometers
- 🏠 Temperature humidity meter
- 🏠 Ultrasonic and gas leak detectors

Home Owner

Challenges faced:

- **Electric circuit shorts** due to poor electrical maintenance
- **Deterioration of installations** due to excessive moisture
- **Low quality test and measurement tools** increasing risk of electrocution

Beha-Amprobe solutions:

- ⚡ Digital multimeters
- ⚡ Light bulb testing
- 📷 Infrared thermometer
- 📷 Thermal camera
- 🏠 Moisture meter
- 🏠 Ultrasonic and gas leak detectors

Residential Inspector

Challenges faced:

- **Structural damage** due to excessive humidity and moisture
- **Malfunction of electrical system** due to defective or damaged wires
- **Dangerous concentration** of CO2 or combustible gases
- **Poor power quality** impacting utility return line

Beha-Amprobe solutions:

- ⚡ Digital multimeters
- 🔍 Wire tracers
- 🔍 Underground utilities locator
- 📷 Thermal cameras
- 🏠 Moisture meter
- 🏠 Anemometer
- 🏠 Ultrasonic and gas leak detectors
